

For MAC Users: Launch the Job Submission Interface

WARNING to Mac users: *LISSY 8* will run **ONLY** on Mac OS X Version 10.5.8 (Leopard) or later. For those who have not already updated their system to Mac OS X 10.6.1.

1. If you are a Mac user who has not already updated their Operating System to the MAC OS X 10.6.1 version, a specific configuration is needed to use the appropriate Java version. Run Software Update. Your system will automatically download **Java SE 6 64-bit**.

2. Go to Macintosh HD -> Applications -> Utilities

3. Go to Java -> Select Java preferences
4. Under the General heading in the Java Applications window:
Click on the **Java SE 6 64-bit** and move it on the top of the list

5. You are now ready to launch the **JSI**
