Correspondence table from previous template to 2019 template (other variables) - LWS Database

Legend

🟩	The variable remained unchanged
🟩	The variable has same name, change in **codes** and/or **definition** or **labels**
🟨	New corresponding variable, with changed **name**; same codes
🟧	New corresponding variable, with changed **name and codes**
⬜	The old variable is no longer available

previous template		**2019 template**		**Additional comments**
	Variable name		**Variable name**	**Change in codes: correspondence codes old to new codes**

TECHNICAL VARIABLES

Identifiers

previous	name	2019	name	
unique unit identifier	hid	household identifier	hid	
person identifier	pid	person identifier	pid	
unique country/year number	did	unique country/year number	did	
country/year identifier	dname	country/year identifier	dname	
country name	cname	country name	cname	
2-letter country abbreviation	iso2	2-letter country abbreviation	iso2	
reference year	year	reference year	year	
data wave	wave	data wave	wave	

File information

household weight (normalised)	hwgt	normalised weight (household)	hwgt	
household weight (inflated)	hpopwgt	weight (household)	hpopwgt	
person weight (normalised)	pwgt	normalised weight (person)	pwgt	
person weight (inflated)	ppopwgt	weight (person)	ppopwgt	
additional household weight (for subsample)	hwgta	additional weight (household)	hwgta	
additional person weight (for subsample)	pwgta	additional weight (person)	pwgta	
implicate number	inum	implicate number	inum	
survey unit	svyunit		not included	

Additional replicate weights file

unique unit identifier	hid	unique unit identifier	hid	
unique country/year number	did	unique country/year number	did	
household replicate weight	hrwgt1/1000	household replicate weight	hrwgt1/1000	

SOCIO-DEMOGRAPHIC VARIABLES

Living arrangements

relationship to household head	relation	relationship to household head	relation	**Old codes:** 100 has partner; 110 living with partner; 120 not living with partner; 200 does not have partner — **New codes:** 0 not living with partner; 1 living with partner
partner	partner	living with partner (dummy)	partner	**Correspondence codes old to new:** (110=1) (120 200=0) (100=.) **Definitional change:** it flags only cohabiting partners.
living with parents	parents	living with parents	parents	
living with own children	children		not included	
number of own children living in household	nchildren	number of own children living in household	nchildren	
age of youngest own child living in household	ageyoch	age of youngest own child living in household	ageyoch	

Demographics

age in years	age	age in years	age	
gender	sex	gender	sex	
marital status	marital	marital status	marital	

Immigration

immigrant (dummy)	immigr	immigrant (dummy)	immigr	
citizenship	citizen	citizenship	citizen	
country of birth	ctrybrth	country of birth	ctrybrth	
years since arrived in country	yrsresid	years since arrived in country	yrsresid	
ethnicity/race	ethnic_c	ethnicity/race	ethnic_c	
other immigration characteristics	immigr_c	other immigration characteristics	immigr_c	

Health

disabled (dummy)	disabled	disabled (dummy)	disabled	
disability status	disabl_c		not included	
chronic illness	illness_c			
subjective health status	health_c	subjective health status	health_c	

Education

highest completed education level (3-category recode)	educ	education level (3-category recode)	educ	It is now recoded from the new variable *educlev* (highest completed education level) based on ISCED 2011 when available; the codes are the same as before, except code 9 (indistinguishable) that is not provided anymore (9=.).
highest education level	educ_c	highest education level	educ_c	
education of mother	edmom_c	education of mother	edmom_c	
education of father	eddad_c	education of father	eddad_c	

HOUSEHOLD CHARACTERISTICS VARIABLES

Geographical characteristics

region	region_c	region	region_c	
rural area (dummy)	rural	rural area (dummy)	rural	
size of locality of residence	locsz_c	size of locality of residence	locsz_c	
type of area	area_c	type of area	area_c	

Dwelling characteristics

owned/rented housing	own	owned/rented housing	own	
type of dwelling	dweltyp	type of dwelling	dweltyp	

Farming characteristics

farm household (dummy)	farm		not included	
ownership and rental of agricultural land	agriland			
farming activity	farming	farming activity (dummy)	farming	**Old codes:** 100 runs a farming activity; 110 grows crops, owns livestock; 120 grows crops, does not own livestock; 130 owns livestock, does not grow crops; 200 does not run a farming activity — **New codes:** 0 no farming activity; 1 farming activity **Correspondence codes old to new:** (100/130=1) (200=0)

Household composition

household composition	hhtype	household composition	hhtype	
head living with partner	hpartner	head living with partner (dummy)	hpartner	**Old codes:** 100 head living with partner; 110 married couple; 120 non-married cohabiting couple; 200 head not living with partner — **New codes:** 0 head not living with partner; 1 head living with partner **Correspondence codes old to new:** (100/120=1) (200=0)
number of household members	nhhmem	number of household members	nhhmem	
number of household members 65 or older	nhhmem65	number of household members 65 or older	nhhmem65	
number of household members 17 or younger	nhhmem17	number of household members 17 or younger	nhhmem17	
number of household members with labour income	nearn	number of household members with labour income	nearn	

Correspondence table from previous template to 2019 template (other variables) - LWS Database

Legend

[green]	The variable remained unchanged
[light green]	The variable has same name, change in **codes** and/or **definition** or **labels**
[yellow]	New corresponding variable, with changed **name**; same codes
[orange]	New corresponding variable, with changed **name** and **codes**
[grey]	The old variable is no longer available

previous template		2019 template		
	Variable name		**Variable name**	**Additional comments** **Change in codes: correspondence codes old to new codes**

LABOUR MARKET VARIABLES

Activity status

employed (dummy)	emp	ILO employed (dummy)	emp_ilo	Note that, although there still is a dummy with same name, the content of the new **emp** variable ideally flags now those mainly employed in the current period and is constructed from **lfs** variable. For the exact content of the variable by country see the variable notes in METIS.
unemployed (dummy)	unemp	retired (dummy)	not included	
retired (dummy)	retired			
current labour force status	clfs			

cmas codes:
- 100 mainly employed
- 200 not mainly employed
- 210 retired, pensioner or rentier
- 211 retired from job or business
- 212 other pension recipient
- 213 living on capital income
- 220 in education
- 230 homemaker
- 231 care of children
- 232 housework
- 233 care of others
- 240 disabled
- 241 permanent disability or illness
- 242 temporary disability or illness
- 250 in military or civil service
- 260 unemployed

lfs codes:
- 100 employed
- 200 unemployed
- 300 not in labour force
- 310 retired
- 320 in education
- 330 disabled
- 340 homemaker

Correspondence codes cmas to lfs:
(100=100) (260 =200) (200 212 213 250 =300)
(210 211 =310) (220=320) (240/242=330)
(230/233=340)

The ideal content of the new **lfs** variable is based on **cmas**. However, if not available in the data could also be based on the main status in reference income period or following ILO guidelines for employment in current period. For the exact content of the variable by country, see the variable notes in METIS.

current main activity status	cmas	labour force status	lfs	

Employment intensity

part-time in all jobs (dummy)	ptime		not included	
weekly hours worked, any information	hours	total weekly hours worked	hourstot	
annual weeks worked, any information	weeks	annual weeks worked, any information	weeks	
number of jobs held	njobs	multiple jobs holder (dummy)	secjob	

njobs codes:
- continuous variable from 0 to n jobs

secjob codes:
- 0 one job
- 1 more than one job

Correspondence codes njobs to secjob:
(0=0) (1/n =1)

Job characteristics of main job

status in employment	status1	status in employment, job1	status1	
industry (3-category recode)	inda1	industry (3-category recode), job1	inda1	
industry (9-category recode)	indb1	industry (9-category recode), job1	indb1	
industry (17-category ISIC 3.1 recode)	indc1	industry (17-category ISIC 3.1 recode), job1	indc1	
industry (21-category ISIC 4 recode)	indd1	industry (21-category ISIC 4 recode), job1	indd1	
industry	ind1_c	industry, job1	ind1_c	
sector of employment	sector1	public sector (dummy), job1	public1	

sector1 codes:
- 100 private sector
- 110 for profit
- 120 not for profit
- 200 public sector
- 210 government
- 211 central government
- 212 state government
- 213 local government
- 220 public sector other than government
- 221 public services other than administration
- 222 public company
- 223 other entity with public participation

public1 codes:
- 0 private sector
- 1 public sector

Correspondence codes sector1 to public1:
(100/120=0) (200/223=1)

occupation (3-category recode)	occa1	occupation (3-category recode), job1	occa1	
occupation (10-category ISCO recode)	occb1	occupation (10-category ISCO recode), job1	occb1	
occupation	occ1_c	occupation, job1	occ1_c	
permanent employment	perm1	temporary employment (dummy), job 1	temp1	

perm1 codes:
- 100 permanent employment
- 200 not permanent employment
- 210 short-term employment
- 220 no contract

temp1 codes:
- 0 permanent employment
- 1 temporary employment

Correspondence codes perm1 to temp1:
(100 = 0) (200/210 = 1) (220 = .)

part-time employment (dummy)	ptime1	part-time employment (dummy), job1	ptime1	
weekly hours worked	hours1	weekly hours worked, job1	hours1	
job tenure in years	tenyr1		not included	
gross hourly wage	gross1	gross hourly wage, job1	gross1	
net hourly wage	net1	net hourly wage, job1	net1	

Work experience

ever worked in job or business (dummy)	everwork		not included	
years of total work experience	wexptl	years of total work experience	wexptl	
age when started working	empsta		not included
