Recoding was not carried out.
Code 2 (professional or technical) represents a mix of all levels.
Mostly it may contain medium, but it is likely to contain some low and high as well.
Since 25 percent of the population is concerned, LIS decided not to recode.

If LIS users want to pursue a recode they may do so on their own responsibility.
The mapping below may serve as suggestion.
The problematic category is pointed out.

```
PEDUC                                           ISCED97      LIS recode
  0  missing/in school                                           9
  1  primary and complementary                                   1
  2  professional or technical                                   2 or 1 or 3?
  3  secondary (high school)                                     2
  4  superior (university)                                       3
