## **Project Summary**

Please attach a description of your proposed research. The summary (in English) should not exceed three (3) pages and should identify the hypotheses to be tested as well as describe the datasets, variables and methods to be used. In the case of a joint proposal, the role of each participant should be defined. Finally, please attach a copy of each applicant's Curriculum Vitae.

## **Letter of Support**

Student applicants will need a letter of support from their supervisor or a professor who has had sufficient opportunity to access the individual's potential. The letter of support should be sent directly to the address below.

By submitting this form, upon the successful evaluation of my application, I agree to publish the results of my research in the LIS Working Paper Series and to, upon request, provide a brief report on my research stay.
